

**LEED Specification Sheet  
for New Construction and Major Renovation**

November 1, 2013

To Whom It May Concern:

This letter has been sent to verify the VOC content of Titebond® Kitchen & Bath Modified Acrylic. The current VOC content of this product is 17g/L for white & colors and 5g/L for clear. Accordingly, the VOC content of Titebond® Kitchen & Bath Modified Acrylic is less than the current VOC content limits of California's South Coast Air Quality Management District (SCAQMD) Rule #1168.

Titebond Kitchen & Bath Modified Acrylic is eligible for the U.S. Green Building Council LEED 2009 Green Building Rating System for New Construction & Major Renovations EQ credit 4.1. This statement is based on the Titebond product referenced above and the formulation of the product and the regulations in place according to the date of this letter.

For the use of this product, you could be contributing up to one point under the Indoor Environmental Quality Rating System.

Please use this letter for specification purposes and call 1-888-533-9043 with any further questions.
